adjacent to conf. rooms B12 & C18  
120 sf

Proposed Renovation/Expansion Plan

### Interior Space Planning

Nautic has been a client with Wooding Design since 1987 when we designed their original office space in the Old Fleet Bank building in downtown Providence. Since then, as Nautic has expanded and contracted, we have provided facilities management assistance. These services have ranged from small remodels or refreshes all the way up to full floor expansions and reconfigurations.
